

**15<sup>th</sup> December 2020**

**School Closure – Hot Water**

Dear Parents/Carers,

Following ongoing discussions with School Governors and Local Authority contractors, I wanted to update you on the current situation in school.

As you are aware we currently have no hot water due to a pump failure, which means we have been unable to reopen the school. Contractors have assessed the situation and we are hopeful that the new pumps will be delivered later this week. The gas engineer and electrician will then work on site to remedy the situation. Unfortunately, we are unable to guarantee that this will be rectified before the end of the week.

**The Governors of Old Park School have therefore made the decision to remain closed this week.**

In light of the disruption caused to families during this period, we have decided to cancel the INSET day that was planned at the start of next term.

**School will therefore reopen to all staff and pupils on Monday 4<sup>th</sup> January 2020.**

I would like to thank you once again for your support, understanding and patience in what has been a really difficult year. I hope that you have a peaceful break and look forward to seeing you all in the new year.

Kind Regards

Miss J.Colbourne  
Headteacher
