

Post 19 Careers and Transition Planning and Destinations
My Future...the Road Ahead
Pathway 1

Vison Statement

I am cared for by people who understand my individual needs, including my health needs. I may be in a social care setting each day. I have access to enrichment opportunities to engage me in the wider community.

Key Content

- Visits to potential Post 19 destinations to gauge suitability and gather evidence to support families with future planning on behalf of the students. Observations of students' responses to these environments used to obtain their voices and opinions as authentically as possible, in line with their cognitive development.
- Dudley Connexions will make contact with families during Key Stage 5 to support with the planning and transition process. They will visit school on a regular basis to observe students and to consult with key workers and class teacher to ensure this process is thorough and tailored appropriately to the individual students.
- Transitional social worker allocated around 18th birthday- transition assessment and plan written in conjunction with families, class staff and multi-agency professionals.
- Careers action plan generated by Connexions in collaboration with families, class staff and multi-agency professionals

Work related learning opportunities

- Talentino: Careers at Every Level PMLD Enterprise modules
- Team Enterprise projects as part of curriculum
