

14-19 Phase

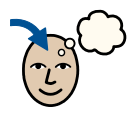

When I move to the 14-19 phase of school, my teachers will continue to support me to think about how the skills I am developing during lessons could support me when I leave school..

I will continue to work hard to be as independent as I can be and my teachers will help me to understand why this is important as I am growing up and preparing for adulthood.

  I will continue to visit employers and employees in different

  places. Visits will take focus on my   personal interests and  skills. I

 may also take part in Work Experience in some of these  places.

 I will  learn about work  skills and take part in projects which

 help me  practice  my money  handling,  designing,  planning and

 teamwork  skills. I will  learn about the  skills needed in

 different workplaces, such as  office  skills, trades and  construction,

 restaurants and  retail, along with  workplace  safety.

 of  my EHCP,  everyone who  supports me  will

 talk to me  about my  wishes and  feelings for the  future and

 help me  to  set some  goals.

 Every  Autumn  term  my  school will  host an  event in  school

where  my  family can get  help and  advice and begin to  think about

 what I  will  do when I  leave  our  school. I  will be

 able to  meet  people who can  help me  to  think about my 

 skills,  interests and  needs and  help me  and my  family to

 plan for  my future.

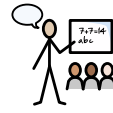

KS5

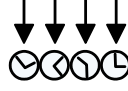

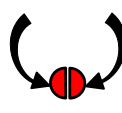

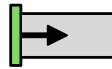

In the Spring term, when I am in key stage 5, I will meet

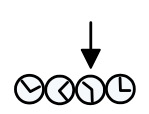

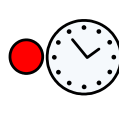

people from places I may decide to go to when I leave our

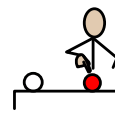

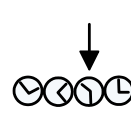

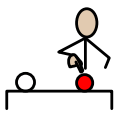

school. These could be day centres, colleges, training providers or work

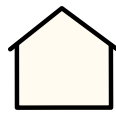

places. I can then start to make regular visits to my future

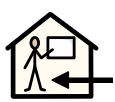

destination in the Summer term before I leave school. Sometimes

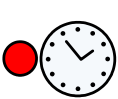

this could be with my family, sometimes this could be with my

teachers. Adults from the destination will also come to visit me

in school. This will help me to begin to get to know new people

before I leave Old Park School.
